# Ürün Grupları

## **1.Travma Grubu ve Pet Cerrahisi**

## **2.Yara Bakım Ürünleri**

2.0.Basınçlı Yara Yıkama Cihazı

## **3.Reconstruction of Ligaments and Clamp**

3.0.Fiber Anchor Screw

3.1.Fully Threaded Interference Screw

3.2.Partially Threaded Interference Screw

3.3.Polyester Anchor Screw

3.4.Transverse Interference Screw

3.5.Blount Staple for Ligaments

## **4.Blocked Plates**

4.0.2.0 mm Volar Plate Screw

4.1.2.7 mm Volar Plate Screw

4.2.Fully Threaded 2.4 mm Volar Plate Screw

4.3.Partially Threaded 2.4 mm Volar Plate Screw

4.4.Volar Plate

## **5.Angulated Plates**

5.0.Compression Screw for Dynamic Hip / Condylar Screw (DHS / DCS) Plates

5.1.Dynamic Hip Screw (DHS) Plate 135°

5.2.Sliding Screw for Dynamic Hip / Condylar Screw (DHS / DCS) Plates

## **6.Intramedullary Rods**

6.0.Distal Femoral Screw

6.1.Distal Screw

6.2.Femoral Intramedullary Nail

6.3. Proximal Femoral Nail Screw

6.4. Stabilization Screw for Femoral Intramedullary Rods

6.5. Stabilization Screw for Tibial Intramedullary Rods

6.6. Tibial Intramedullary Nail

## **7. Wires**

7.0. Kirschner Wire

7.1. Steinmann Pin

7.2. Threaded Steinmann Pin

## **8. External and Schanz Fasteners**

8.0. External Fixator for Humerus Fractures

8.1. External Fixator for Femoral Fractures

8.2. Finger Fixator

8.3. Linefix External Fixator

8.4. Schanz Pin

## **9. Large Fragments**

9.0. Semitubular Plate

9.1. 4.5 mm Cortical Screw

9.2. 4.5 mm Malleolar Screw

9.3. 4.5 mm Broad Dynamic-Compression Plate

9.4. 4.5 mm Broad Limited-Contact Dynamic-Compression Plate (LCDCP)

9.5. 6.5 mm Broad Reinforced Dynamic-Compression Plate

9.6. Fully Threaded 6.5 mm Cancellous Screw

9.7. 4.5 mm L-Shaped Locking Compression Plate

9.8. 4.5 mm Narrow Dynamic-Compression Plate

9.9. 4.5 mm Narrow Limited-Contact Dynamic-Compression Plate (LCDCP)

9.10. 4.5 mm T-Shaped Locking Compression Plate

9.11.Threaded 6.5 mm Cancellous Screw (16 mm)

9.12.Threaded 6.5 mm Cancellous Screw (32 mm)

## **10.Small Fragments**

10.0.3.5 mm Cortical Screw with 1.75 mm Pitch

10.1.Partially Threaded 3.5 mm Cancellous Screw

10.2.3.5 mm Small-Fragment Dynamic-Compression Plate (DCP)

10.3.3.5 mm Small-Fragment Limited-Contact Dynamic-Compression Plate (LCDCP)

10.4.Fully Threaded 3.5 mm Cancellous Screw

10.5.3.5 mm One-Third Tubular Plate

10.6.3.5 mm Cortical Screw with 1.25 mm Pitch

## **11.Mini and Micro Fragments**

11.0.1.5 mm Cortical Screw

11.1.2.0 mm Cortical Screw

11.2.2.0 mm Straight Dynamic- Compression Plate (DCP)

11.3.2.7 mm Cortical Screw

11.4.2.7 mm Cortical Screw

11.5.2.0 mm Cortical Screw

11.6.2.7 mm Washer

11.7.1.5 mm Miniplate

11.8.2.00 mm Miniplate

11.9.2.7 mm L-Shaped Plate - Oblique Angle

11.10.2.7 mm Quarter Tubular Plate

11.11.2.7 mm Straight Dynamic- Compression Plate (DCP)

## **12.Parafusos Canulados**

12.0.16 mm Thread 7.0 mm Titanium Cannulated Screw

12.1.16 mm Thread 7.0 mm Cannulated Screw

- 12.2.32 mm Thread 7.0 mm Cannulated Screw
- 12.3.32 mm Thread 7.0 mm Titanium Cannulated Screw
- 12.4.Fully Threaded 3.5 mm Cannulated Screw
- 12.5.Fully Threaded 3.5 mm Titanium Cannulated Screw
- 12.6.Fully Threaded 4.5 mm Cannulated Screw
- 12.7.Fully Threaded 4.5 mm Titanium Cannulated Screw
- 12.8.Fully Threaded 7.0 mm Cannulated Screw
- 12.9.Fully Threaded 7.0 mm Titanium Cannulated Screw
- 12.10.Partially Threaded 3.5 mm Cannulated Screw
- 12.11.Partially Threaded 3.5 Titanium Cannulated Screw
- 12.12.Partially Threaded 4.5 mm Cannulated Screw
- 12.13.Partially Threaded 4.5 mm Titanium Cannulated

## Yara Bakım Ürünleri

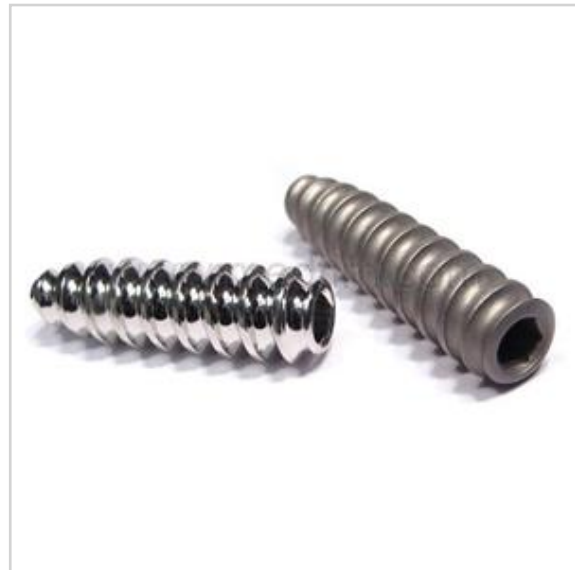

Basınlı Yara Yıkama Cihazı

## Reconstruction of Ligaments and Clamp

Fiber Anchor Screw

Fully Threaded Interference Screw

Partially Threaded Interference Screw

Polyester Anchor Screw

Transverse Interference Screw

Blount Staple for Ligaments

## Blocked Plates

2.0 mm Volar Plate Screw

2.7 mm Volar Plate Screw

Fully Threaded 2.4 mm Volar Plate Screw

Partially Threaded 2.4 mm Volar Plate Screw

Volar Plate

## Angulated Plates

Compression Screw for Dynamic Hip /  
Condylar Screw (DHS / DCS) Plates

Dynamic Hip Screw (DHS) Plate 135°

Sliding Screw for Dynamic Hip / Condylar  
Screw (DHS / DCS) Plates

## Intramedullary Rods

Distal Femoral Screw

Distal Screw

Femoral Intramedullary Nail

Proximal Femoral Nail Screw

Stabilization Screw for Femoral  
Intramedullary Rods

Stabilization Screw for Tibial  
Intramedullary Rods

Tibial Intramedullary Nail

## Wires

Kirschner Wire

Steinmann Pin

Threaded Steinmann Pin

## External and Shanz Fasteners

External Fixator for Humerus Fractures

External Fixator for Femoral Fractures

Finger Fixator

Linefix External Fixator

Schanz Pin

## Large Fragments

Semitubular Plate

4.5 mm Cortical Screw

4.5 mm Malleolar Screw

4.5 mm Broad Dynamic-Compression Plate

4.5 mm Broad Limited-Contact Dynamic-Compression Plate (LCDCP)

6.5 mm Broad Reinforced Dynamic-Compression Plate

Fully Threaded 6.5 mm Cancellous Screw

4.5 mm L-Shaped Locking Compression Plate

4.5 mm Narrow Dynamic-Compression Plate

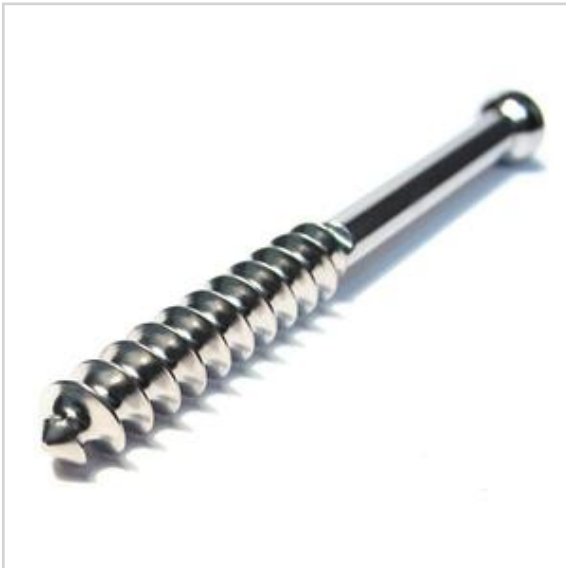

4.5 mm Narrow Limited-Contact Dynamic-Compression Plate (LCDCP)

4.5 mm T-Shaped Locking Compression Plate

Threaded 6.5 mm Cancellous Screw (16 mm)

Threaded 6.5 mm Cancellous Screw (32 mm)

## Small Fragments

3.5 mm Cortical Screw with 1.75 mm Pitch

Partially Threaded 3.5 mm Cancellous Screw

3.5 mm Small-Fragment Dynamic-Compression Plate (DCP)

3.5 mm Small-Fragment Limited-Contact Dynamic-Compression Plate (LCDCP)

Fully Threaded 3.5 mm Cancellous Screw

3.5 mm One-Third Tubular Plate

3.5 mm Cortical Screw with 1.25 mm Pitch

## Mini and Micro Fragments

1.5 mm Cortical Screw

2.0 mm Cortical Screw

2.0 mm Straight Dynamic-Compression Plate (DCP)

2.7 mm Cortical Screw

2.7 mm Cortical Screw

2.0 mm Cortical Screw

2.7 mm Washer

1.5 mm Miniplate

2.00 mm Miniplate

2.7 mm L-Shaped Plate - Oblique Angle

2.7 mm Quarter Tubular Plate

2.7 mm Straight Dynamic-Compression Plate (DCP)

## Parafusos Canulados

16 mm Thread 7.0 mm Titanium  
Cannulated Screw

16 mm Thread 7.0 mm Cannulated Screw

32 mm Thread 7.0 mm Cannulated Screw

32 mm Thread 7.0 mm Titanium  
Cannulated Screw

Fully Threaded 3.5 mm Cannulated Screw

Fully Threaded 3.5 mm Titanium Cannulated Screw

Fully Threaded 4.5 mm Cannulated Screw

Fully Threaded 4.5 mm Titanium Cannulated Screw

Fully Threaded 7.0 mm Cannulated Screw

Fully Threaded 7.0 mm Titanium Cannulated Screw

Partially Threaded 3.5 mm Cannulated Screw

Partially Threaded 3.5 Titanium Cannulated Screw

Partially Threaded 4.5 mm Cannulated  
Screw

Partially Threaded 4.5 mm Titanium  
Cannulated

## **MEDİKAL SEKTÖR VE NİTELİKLİ PERSONEL İSTİHDAMI**

Özel uzmanlık gerektiren Medikal sektörünün en büyük sıkıntılarında biri olan nitelikli istihdam konusunda yaşanan sorunlar hepimiz tarafınca bilinmektedir. Sektöre katkı sağlamak ve yetişmiş kalifiye insan gücünü şirketimize yönlendirme konusunda pek çok kurum ve kuruluş ile işbirliği yapılsa da özgün sonuç elde edilememiştir. Bu nedenle sanayi ve eğitim kurumları işbirliği çerçevesinde OSTİM üyesi olarak üyesi olduğumuz OSTİM yönetiminin katkılarını işbirliği faaliyetlerini yakından takip ediyor ve destekliyoruz.

## **Hakkımızda**

2011 yılında kurulan Medtim Grup, kuruluşundan itibaren ortopedi ve yara bakımı alanlarında hizmet vermektedir.

Firmamız, odaklı led ışığı yeniliği ile operasyon bölgelerinin daha kolay gözlemlenmesini sağlayan yara yıkama cihazı üretimi alanında, dünyada ve Türkiye’de ilk olma özelliği göstermektedir. Yara bakım alanında kullanılan Led Lavage ve Woundex ürünlerine ek olarak veteriner kliniklerinde kullanılan cerrahi implantlar da firmamızın geniş ürün yelpazesinde bulunmaktadır.

Hammadde tedarikinden ürün montajına, paketlemeden sterilizasyon ve dağıtım sürecine kadar üretim sürecine ait her üretim aşaması titizlikle izlenmekte ve kaliteden ödün verilmemektedir. Bu kapsamda Medtim Grup; yüksek kalite anlayışını, ISO 9001:2008 ve ISO 13485:2003 kalite yönetim sistemi sertifikalarıyla desteklemiş olup, firma çatısı altındaki tüm ürünler CE belgesine sahiptir.
